ADAM
Advanced DNS Analytic and Measurement

Petr Černohouz • petr.cernohouz@nic.cz • 17.10.2017
Project ADAM

- Started 8/2015
- DSC replacement
- Research support
Entrada

- Introduced 10/2015
- Great backend
- Processing in Java (and Bash)
- Slow visualization
  - hadoop problem
- Not invented here
Visualization
DNS collector

- Match queries/responses
- Create modified CSV
- Suitable for direct load by impala
- Open source
  - Internal, write for access
Thank You

Petr Černohouz • petr.cernohouz@nic.cz
